Unleash Your Teaching Passion at Aylesbury UTC!

Are you a passionate and innovative Digital Media & IT Teacher looking to inspire the next generation?

Aylesbury UTC, a unique school offering the best of technical education with strong industry links, is seeking a **talented and enthusiastic teacher** to join our thriving team.

**You'll be responsible for:**

- Delivering a stimulating and engaging curriculum in Digital Media and IT, covering topics like digital film and audio, computer science, programming, and animation.
- Utilizing innovative teaching methods and resources to cater to diverse learning styles.
- Fostering a love for technology and equipping students with the skills and knowledge to succeed in the ever-evolving digital landscape.
- Contributing to the development and delivery of a career-focused curriculum that prepares students for exciting opportunities in the tech sector.

**Why join us?**

- **Flexible working:** We offer the opportunity to work from home one day a week for the first academic year, fostering a healthy work-life balance.
- **Industry connections:** Our strong employer partnerships provide valuable insights and real-world learning opportunities for students.
- **Supportive environment:** We are committed to your professional development and well-being, offering excellent support and resources.
- **Making a difference:** You'll have the rewarding experience of shaping the future of young minds and influencing their career paths.

**If you:**

- Hold a relevant teaching qualification and possess a passion for Digital Media and IT.

- Have a strong track record of delivering engaging and effective lessons.
- Are passionate about supporting young people and are eager to contribute to our innovative learning environment.

**We encourage you to apply!**
