Lead the Next Generation of STEM Minds at Aylesbury UTC!

Are you a passionate science leader with a vision to inspire the next generation of innovators? Do you thrive in a dynamic, career-focused environment where hands-on learning meets academic excellence? If so, Aylesbury UTC, part of the prestigious Merchant Taylor's Oxfordshire Academy Trust, wants you!

About Us:

Aylesbury UTC is a unique educational institution offering a distinctive curriculum focused on **Computing and Healthcare.** We combine rigorous academic studies with industry-standard technical skills, preparing our students for exciting careers in these high-demand sectors. Our innovative approach emphasizes hands-on learning, employer engagement, and real-world projects, ensuring our students graduate with the knowledge, skills, and confidence to succeed.

About the Role:

As Head of Science, you will play a pivotal role in shaping the future of science education at Aylesbury UTC. You will:

- Lead a dedicated team of science teachers, providing guidance, support, and professional development.
- Oversee the development and delivery of engaging and challenging science curriculum aligned with GCSE, T level and A Level requirements.
- Foster a love of learning for science, encouraging curiosity, critical thinking, and problem-solving skills.
- Build strong relationships with industry partners, integrating real-world applications into classroom learning.

- Contribute to the strategic development of the science department, ensuring its alignment with the school's vision and values.

We are looking for someone who:

- Possesses a strong science background with a relevant teaching qualification (QTS).
- Demonstrates exceptional leadership qualities, inspiring and motivating others.
- Has a proven track record of curriculum development and innovation.
- Embraces a collaborative and inclusive approach to teaching and learning.
- Shares our passion for preparing students for successful careers in computing and healthcare.

We offer:

- A competitive salary and benefits package.
- The opportunity to work in a vibrant and innovative learning environment.
- A supportive and collaborative team culture.
- **Flexible working opportunities, including the option to work from home one day per week for the first academic year.**
- Professional development opportunities to further your skills and expertise.
- The chance to make a real difference in the lives of young people.

If you are an inspiring leader with a passion for science education, we encourage you to apply!

Next Steps
